PRICE	STUDY	SUPPORT
From £499	Self-paced online	Tutor support

About this course

The NEBOSH IIRSM Certificate in Managing Risk is a joint NEBOSH and IIRSM risk management qualification that helps managers, leaders and professionals understand how to identify, assess and manage organisational risks more effectively. It focuses on practical, real-world risk management rather than just health and safety, so you learn how to protect people, operations, finances, reputation and strategy across the whole organisation.

This risk management course helps organisations to:

- Improve decision-making by embedding a structured, consistent approach to managing risk
- Understand how different types of organisational risk are connected, from safety and quality to finance, projects and reputation
- Strengthen governance, assurance and compliance by aligning with recognised risk management principles and frameworks
- Build a more resilient organisation that can anticipate threats, seize opportunities and respond confidently to change

The NEBOSH IIRSM Certificate in Managing Risk is assessed by a short online exam based on realistic organisational scenarios to confirm you can identify, evaluate and manage risks in your own workplace.

Studying by eLearning

- NEBOSH IIRSM Certificate in Managing Risk delivered fully online so you can study anytime, anywhere at your own pace
- Minimum 28 hours of study plus a 1-hour online MAR1 assessment, with 90 days of course access.
- Interactive modules, real-world case studies and tutor support to help you apply practical risk management in any organisation.
- Course fee includes eLearning access, assessment and certificate, with funding support available for eligible Armed Forces learners

Who is the course for?

It is particularly relevant for risk professionals looking to gain a broader view of risk beyond a specialism such as health and safety, quality, or business continuity.
